

Negro Denies Any Part in L.R. Bombing

LITTLE ROCK (AP) — Macco Antonio Binns Jr. testified today he had nothing to do with bombing the house of Carlotta Walls last Feb. 9.

He said he confessed to police because they wouldn't let him call a lawyer and because they threatened to charge him with having obscene literature in the glove compartment of his automobile.

Carlotta Walls, father of Carlotta, testified he knew nothing of circumstances of the bombing. Binns, a 31-year-old Negro, is being tried for the blast which damaged the Walls home slightly. Carlotta, a Negro girl, who has since graduated from integrated Central High School, and members of her family were not injured.

State's witnesses testified yesterday that Binns had admitted the bombing and implicated Carlotta Walls.

Binns testified he drove by the Walls home shortly before time of the blast to pick up his girl friend at University Medical Center.

The trial jury was told that she since married Binns.

Before her marriage she was Barbara Owens. She is 28 and is a registered nurse at the Medical Center.

Earlier Mrs. Arnetia Ortega, a Negro woman, who is a nurse's aide at the center, testified she saw Binns on a parking lot at the center, about two miles from the Walls home, about the time the blast occurred.

She said she heard a blast be-

Sniper Slayer Acquitted by Ohio Jury

PAINESVILLE, Ohio (AP)—A jury today acquitted Floyd E. Hargrove of the Christmas Eve slaying of Charles R. Clark, husband of the woman he loved.

The 35-year-old former truck driver heard the verdict after less than six hours of deliberation by the jury of 11 men and one woman. His trial lasted more than three weeks. Hargrove was charged with first degree murder.

At 6:40 p.m. last Christmas Eve a bullet crashed through the kitchen window of the Clark home in Mentor, killing the 35-year-old engineering executive, Boy Scout leader and former Sunday School superintendent.

A few hours later Hargrove was picked up by police who knew he had been having a love affair with Clark's pretty brunette wife, Lois, 31, a mother of four children.

On Christmas day authorities announced a "confession." But two days later Hargrove was given a lie detector (polygraph) test which apparently cleared him, and he repudiated the confession days before the slaying, police arrested him again. Under the influence of a so-called "truth serum" (sodium amytal) he made another "confession" and later led police to a spot where a rifle was found.

Hargrove testified of his love affair with Mrs. Clark, but denied killing her husband, saying he was driving from Painesville to visit some friends in Willoughby when the slaying occurred.

Mrs. Clark testified that she had affairs with several men, including Hargrove, but said they had agreed to stop seeing each other.

The defense blamed the shooting on a stray shot from some unidentified person, possibly a boy, who could have been breaking targets in the area.

The defense contended the slug that killed Clark was too flat to be identified.

U. S. Not to Show Photos Over Russia

WASHINGTON (AP) — Photographs made by aerial reconnaissance planes over the Soviet Union will probably remain secret despite some suggestions that they should be made public, U. S. officials reported today.

Various branches of the administration have been considering this question since the Berlin summit conference collapsed. The final decision, up to the White House, has not yet been reached, but it seems now that the views of those opposing the release of the pictures carry more weight.

The position of those favoring the release of the pictures is that there is no point in keeping the photographs classified when the United States publicly conceded it carried out aerial espionage over Soviet Russia.

Those opposing it believe, on the other hand, that although the Russians now know for sure what the ill-fated U-2 and its predecessors were doing in their country's air space, they still do not know what these flights in fact yielded.

An official said it appears to be advisable to keep them guessing in this respect. Opposition to the release, consequently is based on security reasons.

President Eisenhower, in his radio-TV report to the nation on the collapse of the summit meeting, chose a photograph of the Naval Air Station in San Diego, Calif., to demonstrate the ability of U-2 flights to make pictures from high altitudes.

That he did not pick a picture showing a similar installation in the Soviet Union, some sources said may indicate that the President himself tends to accept the views of those who favor keeping the photographs secret.

Colleges Receive \$3,500 Grant

LITTLE ROCK (AP)—The Arkansas Foundation of Associated Colleges received a \$3,500 grant from the Olin Mathieson Chemical Corp. yesterday.

The Mathieson grant will be used as matching funds for a recent grant from the Rockefeller Fund, High Court, AFAC executive director, said.

A \$500 donation was received from the Harris companies of Little Rock.

Seven privately supported colleges share funds raised by the AFAC.

The Mathieson and Harris grants will be matched \$2 for \$1 by the Rockefeller fund. The money will be used to finance summer graduate study for faculty members at AFAC institutions.

Didn't Mind Spending Tax Money

WASHINGTON (AP) — A member of the House Committee on Un-American Activities has spent as much as \$103 a day for hotel lodging during out of town committee hearings, the Knight newspaper said today.

The copyright story by Don Oberdorfer and Walter Pincus said House expense records also show that the committee:

1. Used public funds to pay a \$90 bill run up at a night club in one evening.
2. Hired chauffeur-driven limousines on three occasions at an average cost to the public of \$25 a day.
3. Used committee funds to repay the Library of Congress for the loss of such books as "Two Little Confederates, the story of Frank and Willy in old Virginia," and "The Sex Education of Children."

The story said committee member Morgan Moulder (D-Mo) spent \$40.85 a day for accommodations at the Sheraton-Jefferson Hotel in St. Louis in 1956; \$52.50 a day at the Plaza in New York in 1957; \$202.17 for a three-day stay at the Plaza in 1958, and \$523.84 for five days at the Statler-Hilton in Los Angeles, an average of \$103 a day.

The story said Moulder paid \$6.05 of the Los Angeles bill himself, to cover valet and laundry charges. The rest was paid from committee funds, approved by Chairman Francis Walter (D-Pa).

Walter said the hotel rooms, which often included a sitting room, were used as "an office or place to interrogate witnesses for a place where people with information can come." Moulder said they were used for "executive sessions."

Wildlife Fund for State Is \$208,177

WASHINGTON (AP) — Arkansas will get \$208,177 in fish and wildlife funds from the federal government July 1.

The money will be a partial apportionment of the 1960-61 federal fish and wildlife funds.

Arkansas gets \$159,074 for its wildlife program and \$49,103 for its fish restoration program.

The government will make available a total of \$12,600,000 in a partial apportionment to the states.

Secretary of the Interior Fred A. Seaton said today the balance of the fish and wildlife funds will be apportioned this fall.

He said the early availability of part of the money is aimed at helping states program their federal aid projects. States spend their own funds on approved projects and then are reimbursed up to 75 per cent of the cost.

The partial apportionment, by wildlife and fish amounts, includes:

Oklahoma \$161,426 and \$49,100
Missouri \$227,635 and \$60,041
Louisiana \$167,875 and \$27,990
Mississippi \$149,123 and \$32,319
Texas \$513,500 and \$123,500
Tennessee \$203,482 and \$66,959.

5c Wage Hike to Rail Workers Recommended

WASHINGTON (AP)—A presidential emergency board today recommended a five-cent hourly wage increase for 650,000 railroad workers who have threatened strikes against almost every American railroad.

The wage rise should take effect July 1, the board advised President Eisenhower. It recommended also that the parties negotiate a "number of improvements" in the rail industry's health and welfare program.

The latter benefits, the board said, should take the place of a further general wage increase when contracts with 11 railway labor organizations expire early next year.

The 65,000 railroad employees involved in the board's recommendation are those known as nonoperating workers—the clerks, maintenance men and others not directly engaged in operating trains.

The unions representing them had demanded a wage increase of 25 cents an hour.

The board's proposals are not binding on either management or the unions.

The board was appointed by the President under the Railway Labor Act. This law provides for creation of emergency fact-finding boards when a strike is threatened. Any strike is forbidden while such a board is examining the facts, and for 3 days after it reports.

The presidential board took note of the depressed condition of the railway industry and recommended to Eisenhower that national policies be shaped to meet this situation in the transport field which has cost the railroad industry 400,000 employees in the past 10 years.

The board is headed by Judge Arthur W. Sampson of Detroit. During the board's inquiry, the unions charged that the industry is in "retreat to monopoly." The railroads replied that the industry is "in retreat to extinction, pursued by excessive and unreasonable demands."

Money to Go for High Flying Supersonic Jets

WASHINGTON (AP)—A Senate defense funds subcommittee approved today another 285 million dollar addition to the big defense money bill to carry out development of the high-altitude supersonic B-7 jet bomber weapons system.

This, plus other increases voted Tuesday by the Senate Defense Appropriations Subcommittee, would tack some \$95 million onto the 30 billion plus previously voted by the House.

In one of the moves to hold new defense spending near the 30 billion, President Eisenhower had asked the administration sharply cut back the Air Force's original B-7 weapons system project.

It recommended 75 million to complete two prototypes of the powerful bomber designed to fly more than 2,000 m.p.h. at altitudes of 80,000 feet and above.

Sen. Dennis Chavez (D-NM) has predicted that the subcommittee will add another half billion dollars to the military money bill.

In addition to the increase in money for the B-7 system, he included in his predicted total increase:

1. 294 millions for production of Borneo anti-aircraft missiles eliminated when the House passed the bill.

2. Part of the House increases of 25 million for quick expansion of the military aircraft, and 207 million for Army modernization.

Chavez discounted any idea that recent rocket rattling and tough talk by Premier Nikita Khrushchev and other Soviet spokesmen had caused support for bigger defense spending.

The House had passed an appropriation bill totaling \$39,337,867,000—about 121 million more than Eisenhower asked. But it added some amounts not requested and cut sharply some of the items included in Eisenhower's budget.

The Senate group reinstated 203 million to build a large attack carrier which had been eliminated by the House.

It also restored another 400 million cut out by the House through an order to reduce all procurement of missiles, aircraft, submarines and other military hardware by 3 per cent.

Both changes had been asked by the Pentagon.

The Senate group accepted House increases of 241 million to build additional Polaris ballistic missile submarines and 105 million to prevent 10 per cent manpower reductions in the Army's National Guard and reserve forces.

These were opposed by the administration.

Adlai's Pals May Endorse Kennedy

AMHERST, Mass. (AP)—Henry Steele Commager, Amherst College historian, said today he and other friends of Adlai Stevenson will endorse Sen. John F. Kennedy (D-Mass.) for the Democratic presidential nomination.

He said a letter of endorsement is going out soon and that others in the group endorsing Kennedy will be John K. Galbraith and Arthur M. Schlesinger Jr., of the Harvard University faculty.

He said the two Harvard professors were part of Stevenson's "brain trust" in previous campaigns.

They could not be reached immediately for comment. Commager said Stevenson is not an active candidate and that he feels Kennedy has the best chance of defeating Vice President Richard M. Nixon, the apparent GOP nominee.

Asked if he were actively supporting Kennedy, Commager said "endorsing" would be more accurate.

Commager's remarks were in comment on a Chicago Daily News story that some friends of Stevenson may announce soon for Kennedy.

Steelman-Purtle Vows Exchanged

Miss Virginia Sue Purtle daughter of Mr. and Mrs. Homer Purtle became the bride of Carol Dayton Steelman, son of Mr. and Mrs. B. D. Steelman of Vernon, Texas in a ceremony at 8 p. m. The June 3 in First Baptist Church of Prescott.

Magnolia foliage in Grecian urns and floor baskets of white gladioli and chrysanthemums were flanked by seven branched candelabra holding cathedral pointed tassels. Seated on the left were Homer Purtle Jr., brother of the bride and Miss Ruth Hairston formed the setting in which Rev. W. R. Woodell read the vows. White satin bows, tied below the bustle to the white pom mums and English brush train. Attached to her scal-

lvy marked the pews.

Preceding the exchange of vows, Edward Cooper presented a group of organ nuptial selections and accompanied the vocalists, Jim Shaddy of Oklahoma City, Okla., as he sang "You'll Never Walk Alone" and "The Lord's Prayer" as the couple knelt on the white satin prie-

The bride was escorted to the altar by her father. She wore a full length princess dress of scal-candelabra holding cathedral pointed tassels. Seated on the left were Homer Purtle Jr., brother of the bride and Miss Ruth Hairston formed the setting in which Rev. W. R. Woodell read the vows. White satin bows, tied below the bustle to the white pom mums and English brush train. Attached to her scal-

loped pearl headpiece was a tulle veil edged in lace matching her dress. She carried a white Bible crested with white butterfly roses, stephanotis and lilies of the valley. The bride's jewelry was a pearl necklace, a gift of the bridegroom.

Miss Jane Purtle, Sister of the bride served as maid of honor with Miss June Hines, Miss Sara Dewoody, Miss Marcia Buchanan of Prescott, Mrs. Johnny Burke of Hope, Miss Kay Barham of Taylor, La.; cousin of the bride, and Miss Rosemary Wendt of Vernon, Texas as bridesmaids. They wore identical gowns of ice green taffeta with matching shoes and headpieces. They carried cascade bouquets of China mums and English ivy. Mr. Steelman served his son as best man. The guests were seated by Larry Hamm, Wylie Hannah, Billy Townsend Robert Jones, Johnny Walker, of Vernon, Tex., and Tom Barham of Prescott.

Mrs. Purtle chose for her daughter's wedding a pink lace sheath over taffeta with matching accessories and a corsage of gardenias and stephanotis.

The bridegroom's mother, Mrs. Steelman, wore a blue lace sheath dress with blue accessories and her corsage was of gardenias and stephanotis.

Miss Ruth Hairston, candle-lighter, wore a dress of green chiffon over lace. Her wristlet was designed of white mums.

The social rooms of the church were the setting for the reception held following the exchange of vows. Miss Sue Martin greeted the guests and introduced them to the receiving line composed of the bride and groom, their parents, bridesmaids and maid of honor.

Mrs. Ned Ray Purtle of Little Rock had charge of the guest book at the church and Mrs. Billy Mashburn of Paris, Texas at the reception.

Continuing the green and white color scheme of the wedding the bride's table was covered with a white net ruffled cloth over white taffeta tied at the corners with nosegays of lilies of the valley and satin streamers. White candles in three branched candelabra illuminated an arch with cherubs encircled with miniature brides bouquets and the five tiered white wedding cake ornamented with roses and sugar bells topped with a china bride and groom. Cherubs were attached to the columns of the cake. Punch was served by Mrs. Ned Purtle of Hope and Mrs. Fred Lytton of Paris, Tex., aunt of the groom. Mrs. Sid Purtle and Mrs. Tommie Hogue served the cake.

Says Faubus Failed to Produce Plan

By THE ASSOCIATED PRESS

Gov. Orval E. Faubus promised a plan for continued segregation and failed to produce it, Joe C. Hardin charged at Arkadelphia last night.

Speaking to a crowd of about 100 at a Hardin-for-governor open house, Hardin said the only reason Faubus was elected to a third term in 1958 was that he used the emotional integration-segregation issue.

"The governor promised to reveal his plan for segregation 'at the proper time,' but he has never done so," Hardin declared.

Hardin's attack on Faubus' segregation policies and H. E. Williams' charge that Faubus' failure to testify in a criminal trial was "another example of the high-handed methods adopted by this (Faubus') administration" were yesterday's major political

a beige shantung dress and jacket with matching accessories. She pinned the roses from her bridal bouquet at her shoulder.

After a wedding trip to Hot Springs the couple will be at home in Stillwater, Okla., where they both attend Oklahoma State University. Mr. Steelman's fraternity is Lambda Chi.

Out of town guests were F. A. Steelman, Raymond Steelman of Duncan, Okla.; Mr. and Mrs. David Mashburn, Mr. and Mrs. Joe Mashburn, Mr. and Mrs. Billy Mashburn, Mrs. Fred Lytton of Paris, Texas; Mr. and Mrs. Palmer Basham, Kay and Rickey of Taylor, La.; Mr. and Mrs. Ned Ray Purtle of Little Rock, Mrs. Johnny Brannon, Linda, Janet and John, Mrs. C. L. Renfro, Mrs. Ollie Purtle of Hope; Mr. and Mrs. Denman Wylie, Mrs. Herman Reyenga of Emmet; Mr. and Mrs. Thomas Dewoody, Brenda and Sharon of Gurdin, Candy Martin and Robert Martin of Port Neches, Texas; Stacy Johnson of Grand Prairie, Tex.; Mr. and Mrs. Fred Glanton, Mrs. Carlton Samuel, Mrs. Irvin Burke, Mrs. Gilbert, Mr. and Mrs. Jesse Burke, Mrs. Jewel Burke, Mrs. W. H. Burke of Hope, Mrs. Brad Bright of Murfreesboro; Mrs. Max Kitchens and Miss Jane Kitchens of Emmet.

Faubus told a news conference he has "never advocated abolishing the public school system. I'm not in favor of that."

This is the governor's response to charges by his opponents that his endorsement of proposed constitutional Amendment 5 amounts to an attack on public schools.

Hardin repeated the charge for his Arkadelphia partisans last night. "The amendments is an attempt to undermine the public school system," he said.

Faubus sponsored the proposal, which comes up for a popular vote in the November general election, when the 1959 General Assembly placed it on the ballot. The amendment would permit local option abolition of public schools faced by integration.

Faubus called it the alternative to wholesale school closing.

Williams accused Faubus of "crayfishing for refusing to testify for Maceo Antonio Simms, 31-year-old Negro charged with bombing a Negro student's home last Feb. 9.

Binns' attorney wanted Faubus to tell about alleged information the governor said he had shortly after the bombing occurred. Faubus said yesterday he had no information that was not public knowledge.

Rehearsal Dinner

Mr. and Mrs. B. D. Steelman of Vernon, Tex., entertained at the rehearsal dinner Thursday night for the wedding party of their son, Carol Dayton Steelman, and his fiancée, Miss Virginia Sue Purtle at the Lee Hotel.

The table was covered with a white cloth and held a central arrangement of white gladioli and pompon mums centered with lights. Scattered over the arrangement were green butter flies. Greenery intermingled with white lights, butter flies and white mums extended the length of the table.

Miss Purtle and Mr. Steelman presented gifts to their attendants and exchanged personal gifts.

Places were marked for thirty guests.

Miss Wendt Entertained With Bridesmaid Luncheon

Miss Rosemary Wendt of Vernon, Texas honored Miss Virginia Sue Purtle, bride-elect of Carol Dayton Steelman with a bridesmaid luncheon at the Lee Hotel on Friday.

Covers were laid for the honoree, the hostess, Miss Jane Purtle, Miss June Hines, Miss Sara Dewoody, Mrs. Johnnie Burke of Hope, Miss Kay Bacham of Taylor, La.; Miss Ruth Hairston Mrs. Homer Purtle and Mrs. B. D. Steelman of Vernon, Texas at the Long table that held a central arrangement of white mums centered with a cupid holding wedding bells. Runners of white satin ribbon were interspersed with wedding bells.

The honoree received a gift of silver in her chosen pattern.

Japs Rally to Give Ike Big Welcome

By KENNETH ISHII

TOKYO (AP) — Japanese conservatives today made plans to rally 600,000 Japanese to give President Eisenhower a rousing welcome, countering leftist demonstrations against his visit.

Prime Minister Nobusuke Kishi's Liberal-Democratic party and Japanese business leaders joined in a "National Welcome Ike Committee" to ensure a warm reception when the President arrives June 19.

An organized reception for the President was made necessary by mounting leftist opposition to the visit and student threats to stage a giant sit-down strike on the runways of Tokyo's International Airport to impede the President's landing.

Behind the students are Socialist, Communist and left-wing labor groups contending that Eisenhower's visit amounts to interference in the bitter dispute over ratification of the new U.S.-Japan security treaty.

Kishi ignored a boycott by the Socialist minority in Parliament and opened a debate in the upper house aimed at final ratification of the treaty.

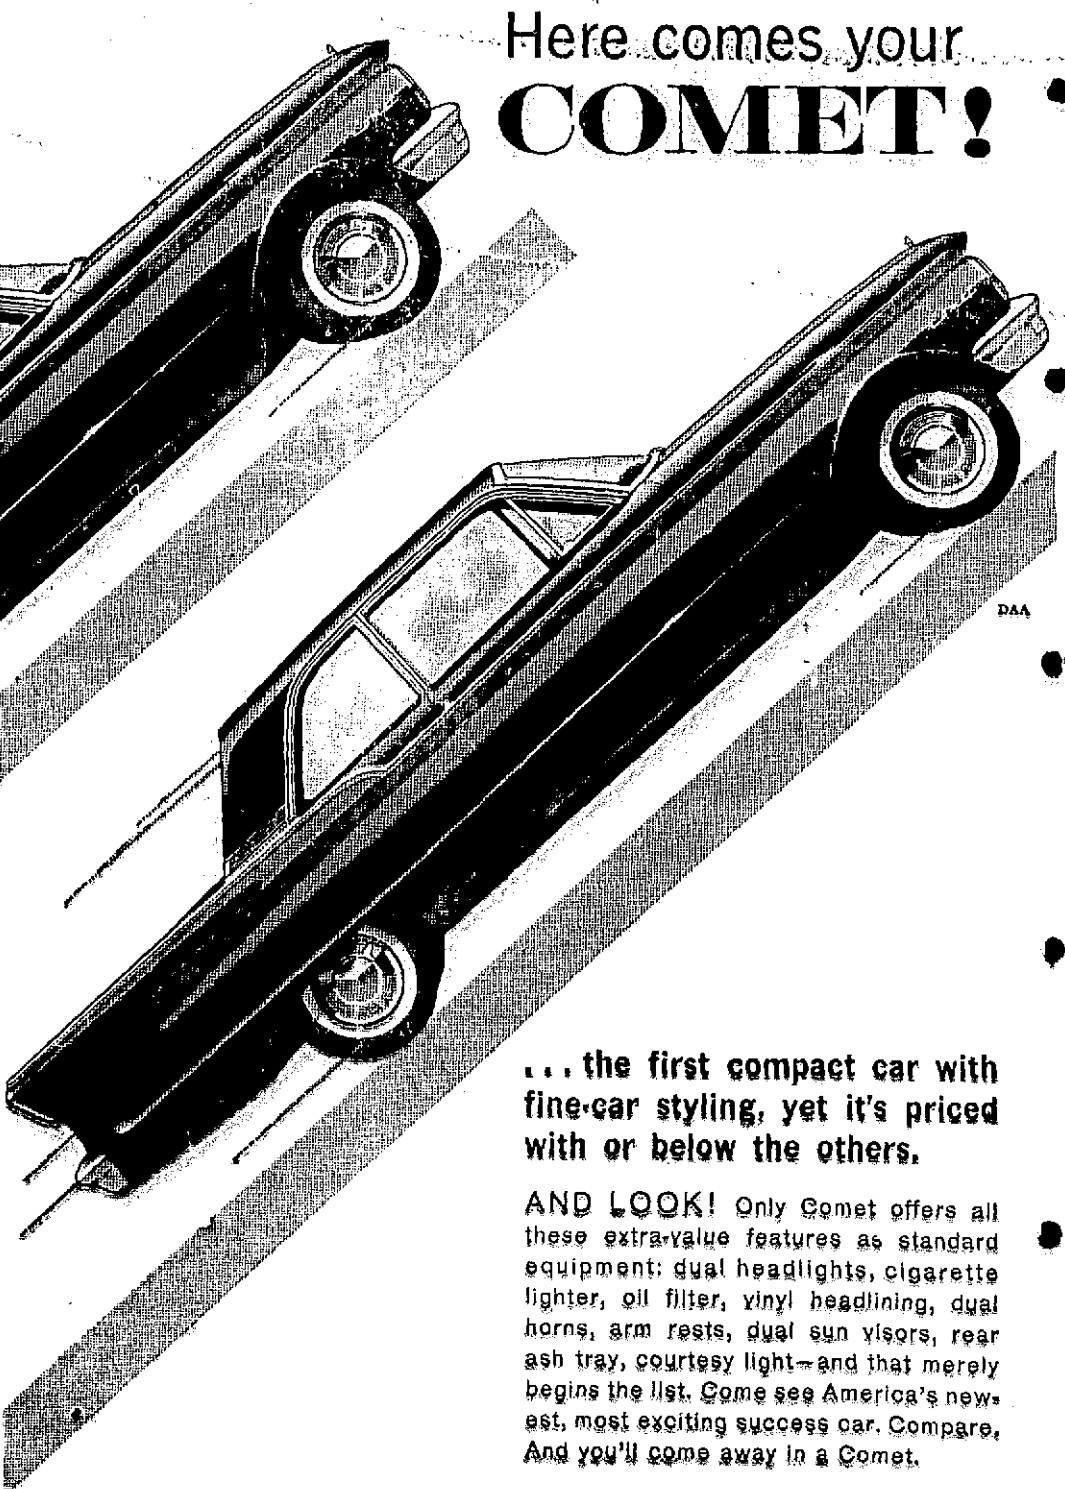

Kishi and Foreign Minister Aichihiro Fujiyama explained government arguments for the new treaty, which permits continued American use of Japanese military bases for at least another 10 years but gives Japan more say in controlling deployment of U.S. forces from Japanese bases.

Without upper house action, the new treaty automatically would take effect on June 10—the day Eisenhower arrives—or 30 days after its approval by the lower house. Apparently the government felt earlier final ratification might take some of the steam out of the anti-Eisenhower demonstration.

The government planned to designate 10,000 civilians to help 9,000 police quell any disorder when Eisenhower arrives.

Benjamin Franklin said that a confirmed bachelor "resembles the odd half of a pair of scissors."

"MUST SELL" brand new Forbiser, with built-in Hemminway. Cost over \$200. Used only a few times. Need money badly; so will sell for \$25. Phone ME 6-4411.

That classified ad appeared recently in the Rogers Daily News. It got results.

One man called to ask if the Forbiser was right-handed or left-handed. A nother said he might be interested if it didn't have the Hemminway.

"Don't sell it until I come down to take a look," another caller pleaded, explaining he'd wanted one for years. A woman wanted to know if it ran on batteries. Another man, who admitted he didn't know what a Forbiser was, wanted to know the year and model.

And what is a Forbiser? With Hemminway?
Why, a figment of the fertile imagination of the Daily News' classified ad department, which wanted to see how well their ads were read.

Helps Support Family.—Parents Treat Her as Child

Dear Dorothy Dix:
I have been working ten months. As soon as I get my check Mama cashes it and gives me the amount she wants me to have. I cashed one and she got fire-hot; told me if I cashed another, she would stop me working. "The boy who dates me works at a distance write each other every week. He says he cares for me. He was home for a holiday and came to see me. Before I could get to the door Mama told my sister to tell him I wasn't home. What shall I do?—Mary
Dear Mary: A daughter who is mature enough to contribute to the support of her family, should have a say in her personal life. Parents all too easily persuade themselves that their children owe them something. That is debatable. They can carry it too far. Nor should they take it upon themselves to arbitrarily rule on their children's friends. Perhaps some relation or your family doctor or clergyman could intercede for you. Show them my reply to your letter and they will see that you are right. Write again when you feel that what is just and fair. The opposition you meet will strengthen you.

in 1896 when it was one of 28 original subscribers to the first Conway telephone exchange.
The number 15 assigned to Col. W. G. Bruce in 1896 now is used by his daughters, Mrs. Annie B. Gibson and Miss Daisy Bruce. Mrs. C. H. Dickerson still sued number 1, assigned to Dr. G. D. Dickerson, father of her husband. And there are plenty of numbers that have been in the same family since the 1920s.

But the modern five-digit dial system which will go into operation this year will be a far cry from the first telephone in Conway. That phone—a wire with a tin cup at each end—was installed by Col. A. P. Robinson in 1881 when he was mayor, to connect his office and servant's quarters some 200 yards away.

Y'all may say "y'all" down South, but not in the Ozarks. Up in the mountains, explains the editor of the Harrison Times, the proper terms are youuns and weuns or younsees and weunsees.

A group of Blytheville Air Force Base officers threw a surprise birthday party recently for their boss, Col. Ralph C. Jenkins. A speaker praised the colonel's fine spirit, noting, "Colonel Jenkins would give the shirt off his back for the Air Force."

That's exactly what he did, too. A couple of officers took the shirt off Jenkins' back and auctioned it off (it brought \$15) with proceeds to go to the Air Force Academy stadium fund.

enable labor costs.
"The American community expects more from both labor and management in this industry than retreat," the emergency board said.

Other issues covered by the board's recommendations included vacations and holiday pay. The panel recommended that eligibility for a second week of vacation be reduced from five to three years of continuous service, and urged the modification of some rules to prevent hardship cases in which some workers may forfeit two or three weeks of vacation.

Rules governing eligibility for holiday pay also should be changed, the board said, so that such pay may be given employees who are not working on regular assignments and are frequently denied holiday pay. The health and welfare program changes should be made effective with the new policy year of the railroads' contract with the insuring organization, the board said.

The recommendations called for an equalization of benefits, group life insurance, and additional contributions by the railroads to insure the continued solvency of the plan.

Negro Denies

fore she saw Binns.

LITTLE ROCK (AP) — A defense witness testified today she saw Maccio Antonio Binns several miles away at about the time he is accused of having bombed a house.

She said she heard a blast before she saw the defendant.

Binns is a 31-year-old Negro, charged in the Feb. 9 blast at the home of Carlotta Walls. The girl, a Negro, was a student at integrated Central High School at the time.

Mrs. Arnelia Ortega, a Negro, who works as a nurse's aide at the University Medical Center testified that she saw Binns on a parking lot at the Center about the time the bombing occurred.

She told a Putaski Circuit Court jury that Binns was sitting in a car on the lot when she got off

On cross examination, she said she didn't pass this information to the police or to Putaski Prosecutor J. Frank Holt.
She also said Binns had asked her husband if she would talk to his (Binns') attorney about the matter.

Holt asked her when she talked to the attorney, W. W. Shepherd, who is defending Binns at the trial.

"Last week," she replied, "The Negro woman said she heard an explosion as she was leaving the Center. She went to her automobile where her husband was waiting."

"I saw Maccio," she said, pointing at the defendant. "He was there to pick up his girl friend."

She said Binns often came to the Center to pick up his girl friend, an employee.

Holt asked her if she knew how long it took for a dynamite fuse to burn down. She said she didn't know, and was excited.

The bomb blast caused only minor damage to the W's home. There were no injuries.

Carlotta Walls, father of Carlotta, was one of several defense witnesses sworn yesterday on the opening day of the trial.

Three detectives testified yesterday that Binns confessed to the bombing on the night of Feb. 19. They said he implicated Walls. Walls was questioned by police during the investigation, but he was not arrested.

Gov. Orval E. Faubus declined yesterday to appear as a defense witness. He had been subpoenaed by Binns' attorney who said he wanted to question the governor about certain information Faubus claimed to have.

Faubus notified Judge William J. Kirby that he would ignore the subpoena. He said he had no information about the case that was not public knowledge.

Shortly after the bombing, Faubus told newsmen he had learned some Negro was paid \$50 to set off the blast.

Detective Sgts. H. D. Bentley, H. E. McGill and A. L. Halcum were among 10 witnesses presented by the state before Prosecutor J. Frank Holt rested his case. Other witnesses included two FBI explosives experts and Mrs. Walls, who described the family's reaction to the blast.

The officers' testimony linked Herbert Odell Monts, a 17-year-old Negro to the bombing. Monts was tried last month and sentenced to five years in prison. The case is on appeal.

PROPOSED
CONSTITUTIONAL
AMENDMENT NO. 50

BE IT RESOLVED by the House of Representatives of the Sixty-Second General Assembly of the State of Arkansas, and by the Senate, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. The annual salaries of the constitutional officers of this State shall be as fixed by law, but shall not exceed the following:

The Governor, the sum of \$20,000.00; the Lieutenant Governor, the sum of \$5,000.00; the Secretary of State, the sum of \$10,000.00; the Treasurer of State, the sum of \$10,000.00; the Auditor of State, the sum of \$10,000.00; the Attorney General, the sum of \$12,000.00; and the Commissioner of State Lands, the sum of \$10,000.00.

SECTION 2. The annual salaries or compensation of all elected county officials and their deputy fire allowances shall be as fixed by law, provided, that no such salary or compensation shall be in excess of \$10,000.00 per annum.

SECTION 3. The annual salaries of all elected municipal officials shall be prescribed by the elected government body of such municipality, but no such salary shall be in excess of \$10,000.00 per annum. Provided, that the salaries of municipal judges shall be established in the manner prescribed by Amendment No. 43 to the Constitution of the State of Arkansas.

SECTION 4. The annual salaries or compensation of all county and municipal officials, and their deputy fire allowances, shall be and remain the same as provided by law upon the effective date of this Amendment until the same shall be changed in the manner authorized herein.

SECTION 5. The salaries of state constitutional officers, elected county officials and elected municipal officials shall not be reduced or diminished during the term for which any such official shall be elected.

SECTION 6. Nothing contained herein shall limit or restrict the right of the people to establish the salaries of county and municipal officials by initiative act as authorized in Amendment 7 to the Constitution.

SECTION 7. All laws and parts of laws and all constitutional provisions in conflict herewith are, to the extent of such conflict, hereby repealed.

PROPOSED
CONSTITUTIONAL
AMENDMENT NO. 51

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. In addition to other powers granted by constitutional or statutory authority, cities of the first and second class may issue, by and with consent of a majority of the qualified electors of said municipality voting on the question at an election held for the purpose, bonds in sums and for the purposes approved by such majority at such election as follows:

For the payment of any indebtedness existing at the time of the adoption of this amendment; for the purchase of rights of way for construction of public streets, alleys, boulevards, and expressways, within the corporate limits of such municipality for the construction of widening or straightening of streets, alleys, boulevards, expressways, and parking facilities, within the corporate limits of such municipality; for the purchase, development and improvement of public parks, airports, flying fields, and recreational facilities located either within or without the corporate limits of such municipality; for the construction of sewers and comfort stations; for the purchase of fire alarm systems; for the purchase of street, police or fire fighting apparatus and equipment; for the purchase of street and sewer cleaning equipment and apparatus; for the purchase of sites for construction of, and equipment of city halls, auditoriums, court houses, prisons, libraries, hospitals, clinics, public bathhouses, incinerators or garbage disposal or sewage treatment plants; for building for the housing of street police or fire fighting apparatus

and equipment; for the construction of viaducts and bridges; for the purpose of purchasing, extending, improving, enlarging, building, or construction of water works or light plants, and distribution systems therefor; and for the purchase of sites for, improving or equipping harbor and river terminal facilities; and for the acquisition, development and construction of other municipal or public facilities and improvements. For the purchase, development and improvement of airports, waterworks, sewage disposal systems or any other municipal facilities which are, wholly or partially, located outside the boundaries of this State.

No bonds issued under the authority of this amendment shall bear a greater rate of interest than six per cent per annum payable either annually or semi-annually; that is to say, the cost to the municipality for interest and discount, on each issue of bonds shall not exceed six per cent per annum, and no bonds issued under the authority of this amendment shall ever be sold except at public sale after twenty days' advertisement in some newspaper having a bona fide circulation in the municipality issuing such bonds.

In order to provide for the payment of the bonds issued under the provisions of this amendment, and interest thereon, a special tax in addition to the legal rate permitted may be levied by municipalities on the real and personal taxable property therein. And any municipality issuing any bonds shall, before or at the time of doing so, levy a direct tax payable annually sufficient to pay the interest on such bonds as the same matures, and also sufficient to pay and discharge the principal of all such bonds at their respective maturities. The special tax permitted by this amendment shall not be subject to any constitutional limitation; provided, however, the General Assembly may by legislative act limit the rate of such taxation, which limitation shall be effective only upon a special tax levied for the payment of bonds issued after the effective date of such legislative act.

Said bonds shall be serial, maturing annually after three years from date of issue, and shall be paid off as they mature, and no bonds issued under the authority of this amendment shall be issued for a longer period than forty years.

It shall be the duty of the mayor and city council or other governing body established by law, to exercise supervision over the sale of any bonds; which may be voted by the people at an election held for that purpose and they shall expend economically the funds so provided for the specified purposes for which they were voted.

Said election shall be held at such times as the city council may designate by ordinance, which ordinance shall specifically state the purpose for which the bonds are to be issued, and if for more than one purpose, provisions shall be made in said ordinance for balloting on each separate purpose; which ordinance shall state the sum total of the issue, the dates of maturity thereof and shall fix the date of election so that it shall not occur earlier than thirty days after the passage of said ordinance. Said election shall be held and conducted, and the vote thereof canvassed, and the result thereof declared under the law and in the manner now or hereafter provided for municipal elections, so far as the same may be applicable, except as herein otherwise provided. Notice of said election shall be given by the mayor by advertisement weekly for at least four times, in some newspaper published in said municipality and having a bona fide circulation therein; the last publication to be not less than ten days prior to the date of said election.

Qualified voters of said municipality only shall have a right to vote at said elections. The result of said election shall be proclaimed by the mayor and the result as proclaimed shall be conclusive unless attacked in the courts within thirty days after the date of such proclamation. This amendment shall not repeal or affect any law relating to the organization of improvement districts.

SECTION 2. In addition to any existing Constitutional or Statutory provisions, and the powers granted under the provisions of this amendment, cities of the first and second class are hereby authorized to levy a tax on the real and personal property located within the corporate limits of five (5) mills on the dollar of the assessed value of such property. That the revenues from such tax may be used for any municipal purpose now or hereafter authorized.

SECTION 3. The General Assembly may by legislative act allow cities of the first and second class to levy additional taxes for any municipal purpose, now or hereafter authorized, and such taxes or the rates thereof shall not be limited by any existing Constitutional provision.

SECTION 4. The salaries of officials and employees of cities of the first and second class shall be fixed by the governing body of such cities, and the amounts of such salaries shall not be limited by any existing Constitutional provision.

SECTION 5. This amendment shall be in force upon its adoption and shall not require legislative action to put it into force and effect.

All provisions of this amendment shall be treated as mandatory, and all provisions of the Constitution, or amendments thereto, in conflict herewith are hereby repealed.

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. Intelligence and virtue being the safeguards of liberty and bulwark of a free and good government, it is hereby declared to be the public policy that Arkansas shall ever provide financial aid whereby all residents of this State between the ages of six and eighteen years may, as desired by them or their parents or guardians, receive gratuitous instruction; and, that the manner of administering such aid can best be determined at the local level.

SECTION 2. Financial aid to carry out the aforesaid declared policy of the people of this State shall be raised at both the State and local levels through taxation now or hereafter authorized by law. Financial aid at the State level shall be provided in such amounts, and distributed to school districts under such formula, or formulas, as the General Assembly shall, from time to time, determine; and, financial aid at the local level shall be provided in such amounts as shall from time to time be determined by the qualified electors of the respective school districts.

SECTION 3. The qualified electors of each school district shall have the right to determine by their vote at a special election called for the purpose, the manner of applying the financial aid available for the instruction of residents of the district between the ages of six and eighteen years; and such instruction may be provided either: (a) through a system of free public schools whereof the district will provide the physical plant, employ instructors, and do any and all things necessary to maintain a general, suitable and efficient system of free schools to be operated by the district; or (b) through student education financial aid whereof the district will apply all available funds for the equal benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 4. Subject to such limitations as may be imposed by law, exclusive jurisdiction for the government of each school district shall be vested in a board of directors.

SECTION 5. There is hereby levied and there shall be collected an annual per capita tax of one dollar from each resident of this State over the age of twenty-one years, and the proceeds thereof shall be used for educational purposes in such manner as is now or as hereafter may be provided by law.

SECTION 6. Not less than fifteen days next preceding each annual school election, the board of directors of each school district shall prepare, approve and make public a proposed budget of expenditures in which there shall be set forth the amount of funds determined by the board as being necessary to provide, during the next following fiscal year, gratuitous instruction for residents of the district between the ages of six and eighteen years. The proposed budget shall set forth the estimated amounts, respectively, of funds necessary: (a) to meet the debt service requirements of the district's issued and outstanding bonds; (b) to meet its other contractual obligations; (c) to pay insurance premiums on, and cost of maintenance or custodial care of, the district's property owned by the district; and (d), in such detail as the board shall determine, the estimated amount of funds required for other educational purposes. From the total of the aforementioned requirements for the fiscal year, and, if any such proposal year shall be deducted the estimated amount of funds to be available to the district from State aid and from all other sources other than the local property tax, the remainder as so determined shall be designated and known as the budget deficit. Based upon the assessed valuation of all taxable property within the territorial bounds of the district for the then current year, the board of directors shall determine the rate of tax levy necessary to provide, when applied to the amount of said assessed valuation, funds of sufficient amount to meet the aforesaid budget deficit; and the rate of tax levy as so determined shall be submitted for the approval or disapproval of the qualified electors of the district at the next following annual school election. Whenever, at any annual school election, a majority of the qualified electors of the district voting on the proposition shall approve the rate of tax levy proposed by the board of directors, then taxes shall be collected at the rate so approved. In the event the rate shall not be approved at any such election, then taxes shall be collected at the rate of thirty (30) mills on each dollar of assessed valuation, or at the rate approved at the next preceding annual school election, whichever rate shall be the lower figure. Provided, that no rate of tax levy shall ever be less than the aggregate of the rates of any continuing levies theretofore approved for the purpose of meeting the debt service requirements of the district's issued and outstanding bonds unless funds for the payment thereof shall have otherwise been specifically provided for.

SECTION 7. With respect to each school district, proposals for the issuance of bonds and for the collection of taxes at a continuing rate of levy for the payment thereof may be submitted by the board of directors for the approval or disapproval of the qualified electors voting on the proposition at any annual school election; and, upon petition of not less than ten percent of the qualified electors of the district, or by resolution of the board of directors, such proposals may be submitted for the approval or disapproval of the qualified electors voting on any such proposition at a special election called for the purpose by the County Judge. No school district may issue bonds unless a majority of the qualified electors voting on any such proposition at a school election shall approve the same; and no bonds or other evidences of debt hereafter issued by any school district shall be secured by a lien on the property of the district, and no district may pledge any of its revenues for the payment of said bonds or other evidences of debt except revenues to be derived from the collection of taxes upon taxable property within the district under a continuing rate of levy approved by a majority of the qualified electors voting on the proposition at a school election. The principal amount of any proposed bond issue may include the estimated amount of interest to be due on such bonds during the first year.

SECTION 8. The manner of applying financial aid for the instruction of residents of any school district between the ages of six and eighteen years shall be changed, effective immediately, from the then existing manner to any other manner authorized by Section 3 hereof, whenever the proposition of making such change shall be approved by a majority vote of the qualified electors of the district voting on the proposition at a special election called for that purpose by the County Judge of the county in which all or the major portion of the land area within the territorial bounds of any such district is located. The County Judge shall call such special election within thirty days after the receipt by him: (a) of a petition containing the signatures of not less than a majority of the board of directors of the district; or (b) of petitions containing the signatures of not less than ten percent of the qualified electors of the district. Provided, that not less than twelve months shall elapse after any such special election before another special election may be called for the purpose of again voting on the proposition of changing the manner of applying financial aid.

In each instance in which the manner of applying financial aid for the instruction of residents of the district between the ages of six and eighteen years shall be changed through student education financial aid, then all funds of the district, save only such funds as are necessary to meet the debt service requirements of the district's issued and outstanding bonds, to meet its other contractual obligations, and to pay insurance premiums on, and cost of maintenance or custodial care of, the district, shall be used for student education financial aid, and shall be applied equally for the benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 9. Either branch of the General Assembly at a regular or special session thereof may propose amendments to this mentioned requirements for the fiscal year, and, if any such proposal year shall be deducted the estimated amount of funds to be available to the district from State aid and from all other sources other than the local property tax, the remainder as so determined shall be designated and known as the budget deficit. Based upon the assessed valuation of all taxable property within the territorial bounds of the district for the then current year, the board of directors shall determine the rate of tax levy necessary to provide, when applied to the amount of said assessed valuation, funds of sufficient amount to meet the aforesaid budget deficit; and the rate of tax levy as so determined shall be submitted for the approval or disapproval of the qualified electors of the district at the next following annual school election. Whenever, at any annual school election, a majority of the qualified electors of the district voting on the proposition shall approve the rate of tax levy proposed by the board of directors, then taxes shall be collected at the rate so approved. In the event the rate shall not be approved at any such election, then taxes shall be collected at the rate of thirty (30) mills on each dollar of assessed valuation, or at the rate approved at the next preceding annual school election, whichever rate shall be the lower figure. Provided, that no rate of tax levy shall ever be less than the aggregate of the rates of any continuing levies theretofore approved for the purpose of meeting the debt service requirements of the district's issued and outstanding bonds unless funds for the payment thereof shall have otherwise been specifically provided for.

SECTION 10. The provisions of this measure are hereby declared to be severable.

SECTION 11. Article 14 and Amendments Nos. 11 and 40 to the Constitution of this State are hereby repealed.

SECTION 12. This amendment shall be self-executing, and its provisions shall be treated as mandatory, but laws shall be enacted by the General Assembly to facilitate its operation.

SECTION 13. This amendment shall take effect and be in full force on and after the date of its approval at the November, 1960, General Election.

Tigers Slow Down Orioles in 5-2 Win

By ED WILKS
Associated Press Sports Writer

Now that Charlie Maxwell and Rocky Colavito are fired up again those in-and-out Detroit Tigers may be ready to roll in the American League race.

The two sometimes sluggers have walloped eight home runs apiece in 13 of Detroit's 25 runs while the fifth-place Tigers have won four of their last six games.

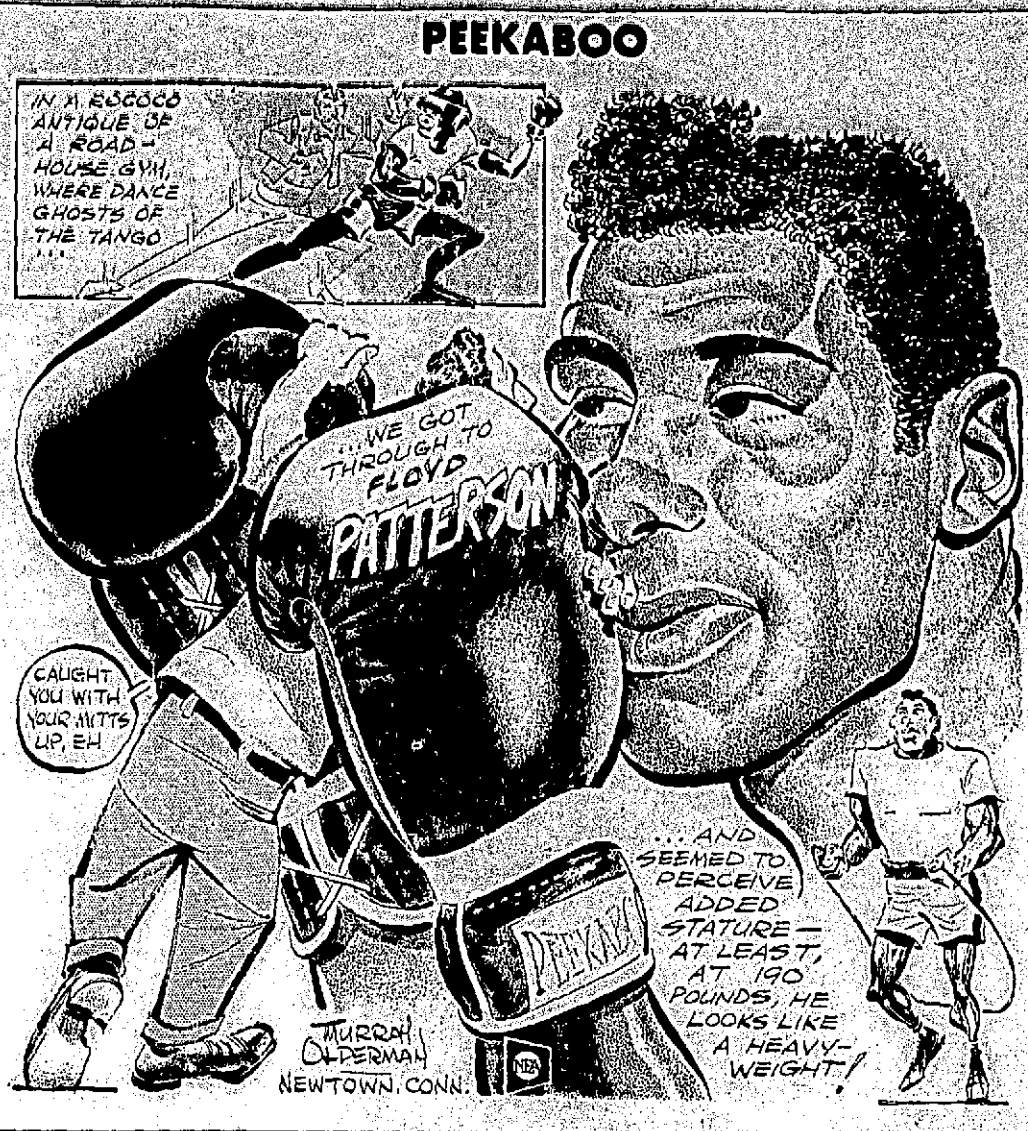

It was Maxwell's eighth home run of the season, fourth in the hot streak, that clinched a 5-2 victory at Baltimore Tuesday night, trimming the Orioles' lead to 1 1/2 games over second-place Cleveland.

The Indians, handed six unearned runs, romped 12-3 at Boston. Chicago's third-place White Sox lost 5-2 at New York. Washington rapped Kansas City 7-2.

In the National League, Pittsburgh lost its third in a row, 13-2 at Chicago, but retained a one-game edge over second-place San Francisco, beaten 5-1 by Cincinnati. Milwaukee defeated Los Angeles 6-4. Philadelphia beat St. Louis 5-3.

The Tigers, 5 1/2 games behind Baltimore, backed southpaw Don Mossi with 10 hits off loser Hoyt Wilhelm (2-3) and three relievers. Steve Biko also homered for Detroit, but it was Maxwell's two-run shot in the third that did it. That gave Maxwell seven RBI in six games. Half of his eight hits in that span have been homers. Colavito failed to drive in a run, ran his hit streak to four games with 2-for-4.

Mossi (3-3) allowed just six hits, and Jackie Brandt's solo sixth

homer was the only extra-base blow.

The Indians, 3-0 against Boston, scored four unearned runs in the fourth. Two came in on a walk and four consecutive errors before Vic Power, who drove in four runs, capped it with a two-run homer. Jim (Mudcat) Grant (4-1) won his fourth in a row, giving up Boston's runs on homers by Marty Keough and outfield veteran Bobby Thomson, who committed two of the Red Sox' five errors in his debut as a first baseman.

New York beat the White Sox for the first time in five tries this season with a three-run third inning that tagged Early Wynn (2-5) with his fourth straight loss. Tony Kubek doubled home two runs in the third, then scored the clincher on two infield outs. Right-hander Jim Coates (6-0) won his 10th in a row for a 12-1 career record. He allowed only four singles, two by Luis Aparicio.

Harmon Killebrew drove in two runs, one with his fourth homer, as the Senators cracked 15 hits and regained sixth place from the A's. Camilo Pascual (6-4), given relief help when he seemed to tire

Art Wall Is Back for the Nat'l Open

By THE ASSOCIATED PRESS

Art Wall Jr. is back, so the 140 other qualifiers had better keep a wary eye on him in the National Open golf championship at the Cherry Hills Country Club in Denver June 16-18.

The slim pro from Pocono Manor, Pa., was leading money winner on the tour last year, his list of victories including the Masters. This year he was handicapped by an ailing knee, and has played comparatively little. He was unable to defend his Master's crown.

But Tuesday he shot a torrid 65-63—128 over the Twin Hills course in Oklahoma City to top the 34 qualifiers from that section, and he nine strokes better than the low scorers of any of the 12 other districts.

Wall's 123 was 4 strokes under par for the two rounds over the pay 71 layout, and was achieved through 15 birdies and going over par only once. He needed only 48 putts.

A total of 91 players qualified in nine districts Tuesday. Thirty-eight qualified in the play in four districts Monday, making the total for the two days 129. Twenty-one were qualified automatically.

The Oklahoma section was the focal point of the day's play, with 34 players being qualified there, including many of the current touring pros.

There were a few casualties among the "name" players, Jackie Burke Jr. of Kiamesha Lake, N.Y., lost out in a playoff at Oklahoma City, and Al Bessellink of Grossinger, N.Y., Hillman Toblins of Memphis, Tenn., Oil Collins of Baltimore and Don January of Dallas also failed to make the grade there.

At Dearborn, Mich., Denny Shute and Bob Inman failed the test, and former Open Champion Lew Worsham didn't make it at Landover, Md.

In the seventh, allowed only three hits—two of them homers by Norm Sieben and Russ Snyder.

Braves Show Signs of Taking National Title

By ED WILKS
Associated Press Sports Writer

If things keep up, those Milwaukee Braves are going to steal the scene from Pittsburgh's flailing Pirates and San Francisco's reluctant Giants in the National League race.

The Pirates, once again finding rough going on the road, lost their third in a row, 13-2 at Chicago. Tuesday but retained a one-game lead as the second-place Giants lost 5-1 to Cincinnati. It was the fourth time the Giants have blown a chance to close in on the Pirates in nine days.

Third-place Milwaukee moved within 3 1/2 games of Pittsburgh and went two games up on San Francisco in the last column with a 6-4 decision at Los Angeles on five unearned runs. The Braves have won six of their last seven games.

Last-place Philadelphia slumped the rallying St. Louis Cardinals 5-3.

In the American League, Detroit slapped Baltimore 5-2 and trimmed the Orioles' lead to 1 1/2 games over Cleveland. The second-place Indians collected six unearned runs and won 12-3 at Boston. New York defeated third-place Chicago 5-2. Washington socked Kansas City 7-2.

The Giants, slumping in the clutch, didn't have a hit for 5 1-3 innings against young Jay Hook (5-4) and were shut out on two singles until the eighth. Then Jim Marshall hit a pinch triple and Willie McCovey, benched with Orlando Cepeda for weak work with the bat, singled. Bob Grim finally saved it for Hook, getting Willie Mays on a bases-loaded fly for the final out.

The Reds, six games back in fourth, sent Johnny Antonelli (3-3) to his third defeat with three runs in the second on a walk and singles by Gus Bell, Ed Bailey, Roy McMillan and Billy Jahn. Vada Pinson added his sixth home run, off Joe Shipley, in the seventh.

Milwaukee and the Dodgers swapped solo home runs by Del Crandall and Frank Howard, but the Braves cracked the tie with the free five in the fifth. After Crandall singled, two errors loaded the bases and loser Johnny Podres (4-5) then forced in a run by walking Ed Matthews. Two more came in when Podres felled Hank Aaron's topper, and threw wild to the plate. Mel Roach's two-run single clinched it.

The seventh-place Cubs, rolling up 25 runs in two games and 47 while winning four of their last five, stunned the Pirates and Vern Law (8-2) with four unearned runs and a 5-0 lead in two frames. They got five more in the third off Benny Daniels. Ernie Banks, Bob Will and Walt Moryn each had three hits in the Cubs' 16-hit barrage, with Banks driving in four and Will three. Southpaw Dick Ellsworth (3-2) pitched a four-hit shutout until the eighth.

Robin Roberts (2-7), a winner for the first time in more than a month after losing five straight, beat the Cards with a two-run two-out single in the fourth. He had a shutout until the sixth, when Bill White homered.

Hope Team in 9-5 Loss to Texarkana

The league leading Texarkana Bears remained undefeated here last night by taking a 9 to 5 decision over the Hope Legionnaires.

It was a tight 4-1 ball game, ending into the top of the 6th when the visitors pushed over two to take the lead which they increased.

Bill Gunter hurled good ball for Hope, giving up only eight hits but six errors by the Legion nine made a difference. Murilo of Texarkana gave up six hits but struck out 11.

Friday night the Hope team will go to DeQuincy for a game with the Hustlers. The following Tuesday night, the Hope nine returns to the home field for a game with Arkadelphia.

Can't Pipe Sounds

GROTON, Conn. (AP)—The Town Council has squelched a drive-in theater's plans to pipe sound into nearby homes.

The drive-in owners asked permission to run a wire through the storm sewer to five homes that get a free peek at the screen but miss the dialogue. They hoped this would satisfy complaints about the operation of the theater.

The council decided Monday night it was best not to have virus running through the sewer.

Rail Transfusion

TRENTON, N.J. (AP)—Gov. Robert B. Meyner is expected to give all New Jersey railroads a six-million-dollar transfusion soon. The Assembly passed a bill Monday 53-0 to allow commuter railroads to get the subsidy.

When to Fish or Hunt Solunar Tables

Are You A DISCOURTEOUS DRIVER?

Any motorist can perfect the technique of hogging the crosswalk and may succeed now and then in getting a pedestrian clipped by traffic going in the other direction. Right from the start you collect a fine assortment of dirty looks from pedestrians.

But if you are a courteous driver you would like to write your automobile insurance, because courteous drivers are careful drivers.

Olympic Cage Team Is a Dream

By ALAN CLINE Associated Press Sports Writer

BERKELEY, Calif. (AP) — If ever there was a dream team in sports, Pete Newell has one in his 1960 Olympic basketball squad. He has height, speed, shooters to spare, youth and experience.

Despite predictions from nearly everyone that the U.S. has a gold medal in the bag, Newell feels he has plenty of work ahead of him.

"We have a pretty strong team," the 44-year-old California athletic director said. "But we're not looking at it as a cinch. That's a good way to get knocked over."

Newell earned his Olympic job by coaching an NCAA all star club to victory in the Olympic Trials.

He has four All Americas to start with — Darvall Imhoff, 6-foot-10 California; Oscar Robertson, 6-foot-5, Cincinnati; Jerry Lucas, 6-foot-8, Ohio State, and Jerry West, 6-foot-3, West Virginia.

Imhoff, from San Gabriel, Calif., is a top rebounder and defensive player. Robertson, an Indianapolis product and the all time leading major college scorer, showed during the trials he also can play defense. West, of Cabin Creek, W. Va., does everything and beautifully, and Lucas, a sophomore from Middletown, Ohio, was the key man in the Buckeyes NCAA championship drive.

Newell also has Walt Bellamy, a 6-foot-11 Indiana junior from New Bern, N.C. Lucas said Bellamy was the best player he faced all season. There's Terry Dischinger, Purdue's 6-foot-6 Big Ten scoring leader from Terre Haute, Ind., and Jay Arnette of Texas, 6-foot-2 playmaker from Austin.

Burdie Halderson, 6-foot-8, ace of the Bartlesville, Okla., AAU team, is the lone repeater from the 1956 Olympic team. He lives

at Austin, Minn. Other AAU members are Bob Boozer, 6-foot-8, Peoria Cats from Omaha, Neb., his teammate Al Kelley, a 6-footer from McCune, Kan., and Les Lane, a 5-foot-10 speedster from Bartlesville, Okla., who placed for

Adrian (Odie) Smith, 6-foot-1 ex-Kentucky sharpshooter, was chosen from the Armed Forces all star team. He comes from Farmington, Ky.

Suburbs in U.S. Growing the Fastest

WASHINGTON (AP) — Preliminary figures for 27 of the nation's larger population centers indicate that suburbs have been growing six times as fast as cities in the past 10 years.

While the record of the 27 areas may not prove absolutely typical, it pointed up a well-established migration to Suburbia that will be measured exactly after final 1960 census figures are available.

An Associated Press canvass today covered population centers which were among the first for which both city and metropolitan area statistics were available. Scattered through all sections of the country, they showed this 10-year record:

The 27 cities had a population gain of 6.6 per cent — up 1,243,294 to 20,026,546. During the same decade, the suburbs around these cities had an increase of 41.4 per cent — up 4,787,479 to 16,328,177.

Of the 27 cities, 11 lost population between 1950 and 1960 as residents moved from old crowded sections into the outlying areas. All the metropolitan areas showed sizable population gains.

Shrinking cities of the list were Baltimore, Detroit, Jacksonville, Fla., Jersey City and Newark, N.J., New York City, Philadelphia, Providence, R.I., Richmond, Va., Rochester, N.Y., and Worcester, Mass.

Operation Could Make History

BOSTON (AP) — Two teams of 10 surgeons are preparing to perform a dual operation which may make medical history.

The operation involves the donation of a healthy kidney by a Dayton, Ohio, police sergeant, Virgil N. Reck, to his critically ill son, Robert, 15, who has kidney disease.

Doctors said the operation may be performed this week at Peter Bent Brigham Hospital. No date was set.

Surgeons at the hospital already have made many successful kidney transplants.

The majority of those operations have involved identical twins. This will be the first in which a father and son are the principals.

A hospital spokesman said it may be months before the success of the operation can be determined.

"It will take a long time to determine whether the father's kidney will take in the boy's body," the spokesman said. "Merely sur-

Couple Arrested for Investigation

MALVERN Ark. (AP) — Police Chief Ben Funk said today that Francis Lonergan, 16, and Dale Noel, 18, both of Austin, Minn., were arrested here yesterday for investigation.

Minnesota authorities said they were wanted for questioning in a robbery — slaying at Fairmont, Minn.

Funk said the two were in a 1951 automobile. He said a .22-caliber rifle was found in the trunk.

The police chief said the youths admitted writing worthless checks for \$127.50 and \$23.50 before leaving Minnesota.

He said they did not mention any robbery or slaying.

He said the sheriff at Fairmont had asked him to make a more thorough check of the automobile and that he planned to do so.

Living the operation "does not mean success. That's just the mechanical part of it."

Reck said both he and his son have high hopes for the success and that soon they will be fishing together back home in Dayton.

"They had all three pulled to the stop. Before them the ruined buildings reared, silent, ghostly, deserted. No covered wagon in the yard now, no Rev. Jones and son, no Billy Lark, no Pru. Gully made the decision. 'We stop here and rest a mite.'"

Buckner walked to the rotted porch and through the doorway that had been so hard gained that afternoon. Dorcas brushed close to him. Moonlight shafted through a window, and on the floor lay a folded square of paper held down by a rock. Dorcas picked up the paper, opened it, and moved closer to a window in order to read.

"From Pru?" Buckner asked.

"Now how would you know that?"

"I found her here this afternoon. She was waiting for you and a preacher and a second witness to a marriage."

She put the note in her pocket, and when she turned toward him her face was in shadow, but her voice was soft and appealing.

"I know you must hate me," she said. "Will you try to understand that I'm doing what I have to do?"

"I don't hate you, Dorcas. I could never hate you." He wanted to say more, to tell her what troubled him and how he had to see Duke and get the answer and how the whole thing was the more mixed up now because he had learned she was marrying Duke. He fumbled for the words, but the heavy step of Gully Jordan sounded on the porch.

Gully prepared a bed. Buckner took off his gun-belt and laid it nearby and eased into the blanket. He could hear a stirring elsewhere in the next room—Dorcas preparing for sleep. He settled down, favoring his wounded shoulder. Gully seemed to be settling down, too.

"Ry—?" Gully called then.

"Yes—?" sleepily.

"I loaded a gun this morning. One of those bullets was maybe for you. I'm hopin' not. I'll ask out plain so we'll know how we stand with each other. You huplin' my boy?"

"Yes, Gully."

"To kill him?"

"I've got to talk to him, Gully."

The old man held silent for a long time. "Ry" He said then, "I'm going to ask another question. Five years ago, when you started home from Jupiter City with that carpetbag with the cattle sale money, did you look into the bag to see how much cash it held?"

"No, I didn't."

Another long silence. Then "Ry, I went to Jupiter City myself on some business that same fall, after your trial. I heard remarks dropped here and there. I started doin' a little snoopin' then. Once that herd was paid for and the rest of the crew headed home, you and Duke hung around the saloons and gamblin' places. That come out at the trial. What didn't come out was that Duke did some heavy gamblin'."

Buckner rolled over. "Just why are you telling me this?"

"What I'm trying to get across is that maybe I made a wrong judgment about you five years ago, and I'm tellin' you this hopin' that I'll get some money

Missile Burns and Causes a Big Score

MCUIRE AIR FORCE BASE, N. J. (AP)—A needle-nosed B-57 missile, built ready with an atomic warhead in its concrete launching pen, caught fire Tuesday, touching off a radiation scare.

The missile was badly damaged and some radiation seeped out of its nuclear tip.

First reports were that there was a threat of heavy radiation in the remote pine lands around the base.

The Air Force later said that the radiation level was a slight amount at that time, was confined to the badly damaged launching pen. Investigators of the Atomic Energy Commission, the Defense Department and the New Jersey Department of Health said they would all probe the incident.

The Air Force said the B-57 caught fire as it nestled unattended in its concrete launching shelter, one of 54 at the missile base.

There apparently was a small explosion in the missile fuel system and then fire broke out, an Air Force spokesman said.

Firemen put out the fire at 4 p.m., 45 minutes after it started.

State police at the Ft. Dix barracks said they received a call from the base security police saying an atomic warhead had exploded and asking troopers to close off roads into the area.

Cars were stopped. Troops on maneuvers at Ft. Dix were pulled back as a precaution.

Decontamination men clad in special clothing checked the B-57 base with geiger counters. The Air Force then gave an all-clear.

Few people live in the lonely warhead to over 6,000 feet altitude pine area. The nearest home is tide.

Airline Rate Hike Is Expected

LITTLE ROCK (AP)—The vice president of American Airlines said today he expects the Civil Aeronautics Board to grant the airline industry a temporary fare rate increase of three to four per cent in the next 60 days.

William B. Whitacre, of New York City, told a civic club meeting the board could be considered an "emergency measure."

He said the industry already has lost 15 to 20 million dollars in 1960, compared to last year.

The CAB still has under study the major airlines' proposal for a 10 per cent increase on fares. Whitacre said he cannot foresee early action on this.

A three to four per cent increase would be "inadequate and temporary," he added.

Whitacre blamed the airlines' losses in 1960 on a large expansion of services and addition of new equipment. He said expenses will be even greater next year if the industry continues to grow.

buys the Building

HOPKINSVILLE, Ky. (AP)—Fritz helped erect Fairview High School 60 years ago. Since then, all of his nine children have attended the school, and three of his daughters taught there.

Now he has bought the building just "for sentimental reason," he says.

His high bid was \$2,425.

Circus Beats Heat

SARASOTA, Fla. (AP)—Officials of Ringling Bros. and Barnum & Bailey Circus have found a way to beat the July heat—take off for a month.

They plan to call the show off the road next month and let the performers rest at Sarasota.
